What Is A Credit Union?
A credit union is a member-owned, not-for-profit cooperative financial institution formed to permit those in the field of membership specified in its charter to pool their savings, lend them to one another, and own the organization where they save, borrow, and obtain related financial services. Members are united by a common bond and democratically operate the credit union under state or federal regulation.

BTA Federal Credit Union
The BTA (Brotherhood of Teamsters and Associates) Federal Credit Union, established in 1940, began originally as the credit union for area milk drivers. As the credit union grew and prospered, the Milk Driver's Federal Credit Union expanded its field of membership to include members of the Rochester Teamster Locals. This large influx of new members precipitated a name change first to the Rochester Teamster's Federal Credit Union and later to the BTA Federal Credit Union to better represent the increased number of family members that have joined. Located at Suite 104, 1320 Buffalo Road, BTA FCU is your "personal financial institution".

Who is Eligible to Join BTA?
Any employee of any participating member company may join the credit union. BTA also welcomes family members of existing members to join and take advantage of all the services BTA has to offer. After joining BTA FCU, your credit union membership will remain valid even if there is a change of employment or if you move out of town.

To join, simply fill out the attached membership form and mail back or drop off with an initial deposit of at least \$5.00. This is not a fee but your first deposit into a savings account at BTA.
